Down Payment Resource Finds Talent Among Their Ranks

Atlanta, GA, September 1, 2021 – Atlanta-based Down Payment Resource (DPR), the nation's leader in providing homebuyers and professionals with information on down payment assistance programs, didn't have to look any further than their own employee roster when filling two new senior management positions.

Sean Moss, a DPR veteran of 11 years, has been promoted to Executive Vice President, Product and Operations. Moss has more than 18 years of experience in the housing finance industry, where his leadership roles ranged from loan operations to corporate-level technology projects and process improvement for small and large mortgage companies.

In his new role, Moss will be responsible for guiding product strategy, driving product development, and ensuring operational efficiency. Moss will also be working to engage industry stakeholders to help identify and evolve creative new solutions for affordable lending challenges, while collaborating with customers and partners to implement those strategies.

DPR would also like to announce the promotion of Veronica Khandelwal to Vice President, HFA Relations. Khandelwal just recently celebrated her first year with DPR, but she has more than 20 years experience in the mortgage industry, including closing and funding for both lending and title companies, as well as an extensive background in regulatory compliance and product development.

As Vice President, HFA Relations, Khandelwal will manage the internal research team, processes, and outreach. She will also oversee the quality and expansion of DPR's homebuyer program database, while continuing to drive collaborative partnerships with HFAs and DPA providers.

“Our ability to promote from within is a testament to the caliber of employees we have at DPR,” said Rob Chrane, CEO of Down Payment Resource. “We’re fortunate to have a group of talented professionals who are passionate about advancing our affordable homeownership efforts. Sean and Veronica are of tremendous value to our organization, and their experience and expertise will serve them well in their new roles.”

Over the past 13 years, Down Payment Resource has become the industry authority for the most current information about affordable lending programs. The company’s solutions automate the process of matching buyers and properties to available programs, improve lender participation and increase consumer awareness.

The company tracks the unique characteristics of over 2,000 programs, helping more lenders overcome uncertainty about eligibility requirements, repayment terms, benefits and funding status. Down Payment Resource was recognized as one of the industry’s most innovative technology companies by HousingWire TECH100™ and Inman News as “Most Innovative New Technology.
